

## THE NEW LUXR MODUX ONE SABER

The new Modux One Saber is a slim, 25mm (1") diameter pole fixture designed to provide a soft glow for ambient landscape lighting, with little or no glare. This luminaire is available either with a spiked base for insertion directly into the ground, or with a flange mount option for installation on solid surfaces.

- Fully modular construction for easy, in-field maintenance
- Up to 65 Lm/W at 350mA
- 1 Watt output
- IP68
- 25MM/1" Pole Fixture
- Range of colour temperatures
- Choice of 316 Stainless Steel, Natural Copper or Powder coated Aluminium
